How To Make A Referral

1. Obtain an Intake Package from Regional Children's Centre. Once the package is completed and returned to our centre, the child will then be assigned to a service coordinator who will help plan your family treatment needs.
2. If you have an urgent need and would like to see a therapist (single session of counselling), please attend our **Walk-in Clinic** (Monday, Tuesday, & Thursday from 12 pm to 6 pm). If at the end of the session you wish to proceed with services at our centre, an intake package will be provided.
3. Physicians, schools and other agencies can refer by directing parents to pick up an Intake Package. Parents may also call the Centre at **519-257-5215** for more direction.

Although every effort will be made to provide services as quickly as possible, there may be a wait for services to begin.
