Because we believe that ALL First Responders deserve a unified and collaborative approach to help build resilience, reduce stigma, and promote mental well-being, proceeds from our 2022 golf tournament will support a variety of local charities as well this year's Main Beneficiary

Proceeds will benefit the *We Help First Peer Support Program*. The program offers emotional and practical support to Windsor/Essex First Responders who share a common experience such as a mental health challenge or illness. A Peer Supporter has lived through a similar experience and is trained to provide their colleague with support after a traumatic or tragic experience within the workplace.

The goal of this program is to have all first responders trained at the same level, follow the same level of service, and be certified utilizing the same language. Peer support has proven to reduce the impact of long lasting Occupational Stress or Post Traumatic Stress Disorder.

*We believe in the
transformative power of Peer Support!*
